World Eye Cancer Hope
life and sight for every child

Online Fundraising Page

Absent friends and family can support your fundraiser by donating online.

You can also have the page open on a computer, tablet or smartphone at your event, to receive donations from participants.

Anyone can set up a Fundraising Page. It's simple, free, and takes less than 10 minutes. Donations are transferred automatically to World Eye Cancer Hope either in England or the USA, so you don't have to collect or process any cash or cheques.

Give your page an inspiring title, add a photo and set a fundraising target. Tell your visitors what the event means to you and why you're asking for their support. Then email the page address to everyone you know and invite them to donate.

Donors can leave a message with their gift. Their details will be sent directly to WE C HOPE, and they will automatically receive an e-receipt and thank you note.

- Donations can be made by credit or debit card from anywhere in the world.
- A transaction fee (less than 5%) is charged to the charity for each donation.
- A credit card processing fee is applied (1.6 – 2.8% depending on card type).
- Donors may opt to pay their fees directly and not pass these on to the charity.
- Overseas banks usually charge a processing fee of approximately 1.5%, which will not be passed to World Eye Cancer Hope.
